

United States of America Department of Homeland Security United States Coast Guard

Certification Date: 29 Jul 2020 Expiration Date: 29 Jul 2021

Temporary Certificate of Inspection

For ships on international voyages this certificate fulfills the requirements of SOLAS 74 as amended, regulation V/14, for a SAFE MANNING DOCUMENT.

This Temporary	Certificate of Inspecti receipt on boa	on is issued under the pr ard said vessel of the ori	rovision of Title 46 Uni ginal certificate of insp	ted States Code, Sectorition, this certificate	ion 399, in lieu of I in no case to be v	the regular certificate of alid after one year from	inspection, and sha the date of inspection	II be in force only until	the

В	3923	10ft 0in	15	
II	3923	10ft 0in	15	
111	4797	11ft 9in	15	

Conditions Of Carriage

Only those cargoes named in the vessel's Cargo Authority Attachment (CAA), serial #VN94018678, dated 13JAN01, and Grade "A" and lower cargoes may be carried.

In accordance with Title 46 CFR 39, excluding Subpart 39.40, this vessel's Vapor Collection System has been inspected to the plans approved by Marine Safety Center letter serial #C2-900455 dated 01FEB95, and found acceptable for collection of cargo vapors from the subchapter "D" cargoes listed in that letter and the Specific Hazardous Cargoes annotated above with a "V" or "T".

The letter "V" in the note column of the CAA signifies approval for vapor control without any additional requirements.

When using the vapor control system to load the Specific Hazardous Cargoes annotated with a "T", the vessel's overfill alarm and shutdown system shall be used as the primary cargo tank overfill protection.

Stability and Trim

Cargo tanks must be loaded uniformly whenever a 46 CFR Subchapter "O" cargo is carried; for trim purposes, the weight of cargo in each tank may exceed the uniformly loaded tank cargo weight by at most 5 percent.

Explanation of terms & symbols used in the Table:

Cargo Identification

The proper shipping name as listed in 46 CFR Table 151.05.

The three letter designation assigned to the cargo in the Chemical Hazards Response Information System (CHRIS) Manual.

Compatability Group No. The cargo reactive group number assigned for compatibility determinations in 46 CFR Part 150 Tables I and It. In accordance with 46 CFR 150.130, the Person-in-Charge of

the barge is responsible for ensuring that the compatibility requirements of 46 CFR Part 150 are met. Cargoes must be checked for compatibility using the figures, tables and appendices of 46 CFR 150 in conjunction with the assigned reactive group number.

Exceptions (Exc) Indication of whether or not there are exceptions to the compatibility chart for the given cargo. See Appendix I to 46 CFR Part 150.

Grade The cargo classification assigned to each flammable or combustible liquid. Grades inside of "{ }" indicate a provisional assignment based upon literature sources which

were not verified by manufacturers data. The Person-in-Charge shall verify the cargo grade based on Manufacturers data and ensure that the barge is authorized for carriage of that grade of cargo.

A, B, C D, E Flammable liquid cargoes, as defined in 46 CFR 30-10.22. Combustible liquid cargoes, as defined in 46 CFR 30-10.15.

NA, NF Those subchapter O cargoes which are not classified as a flammable or combustible liquid.

No flammability/combustibility grade has been assigned yet, as the necessary flash point/vapor pressure data for such assignments are presently not available

The required barge hull classification for carriage of the specified Subchapter O hazardous material cargo, see 46 CFR 151.10-1.

Designed to carry products which require the maximum preventive measures to preclude the uncontrolled release of the cargo. See 46 CFR 151.10-1(b)(1).

Designed to carry products which require significant preventive measures to preclude the uncontrolled release of cargo. See 46 CFR 151.10-1(b)(3).

Designed to carry products of sufficient hazard to require a moderate degree of control. See 46 CFR 151.10-1(b)(4). Hull Type

Conditions of Carriage

See Certificate of Inspection for explaination of symbols used in this column.
